

FEAST!

A Queen's Jubilee project supported by Artsworld and City Catering for schools in Southampton.

Created by TouchedTheatre in collaboration with Year 4 at Mount Pleasant Junior School

1 INTRODUCTION

We are celebrating the Queen's Jubilee.

To celebrate we are going to make our own puppets and films, all about sharing feasts and fun and making memories.

These resources and associated videos will help you make simple puppets with your class and then make short shows and films, which we would love you to share with us.

Artsworld

Artsworld has empowered children and young people through arts and culture for the last 30 years. A national voice celebrating the arts, creativity and cultural development for, with and by young people, we are committed to improving their life chances and making a difference.

At Artsworld we strive to make the arts and creativity available to absolutely everyone. We aim to break through barriers and develop new ways for people to discover the success, empowerment and sheer joy that the arts and creativity can bring to classrooms, communities and careers.

There are two different types of puppet you can make for this project.

These are a soft toy puppet - adapting a soft toy (charity shops are good for finding these) - and a special kind of sock puppet. Both of these puppets are easy to use and really good at telling stories, talking, partying... and eating.

Each type of puppet can be made with a group or class of children in under an hour.

TIPS FROM YEAR 4

If you make a soft toy puppet, it will be the character or animal of the soft toy. But if you make a sock puppet you can make it into anything.
